

Hong Kong Builders Directory

Editorial Profile

Published annually in May, Hong Kong Builders Directory is the most prominent and established publication of its kind in this region and helps Hong Kong build her multi-billion dollar building and construction industry to what it is today. Within the pages of this directory, industry colleagues will find a list of over 2,700 brand names under which building materials and equipment are manufactured, together with contact names of Hong Kong agents or manufacturers. There are over 550 architectural, contractors, engineering and surveyor firms listed. Also, full details of materials and equipment companies listed in over 1,000 classified categories and over 170 service classifications with more than 1,300 companies listed can be found in this directory.
